Materials

- 14-count Aida cloth
- DMC embroidery floss in the following colors:
 - Dark green
 - Light green
 - Yellow
 - Brown
- Cross stitch needle
- Scissors
- Embroidery hoop (optional)

Instructions

1. Start by finding the center of your Aida cloth. To do this, fold the cloth in half both ways and crease it. The center of the cloth will be where the creases intersect.

2. Place your embroidery hoop over the center of the cloth, if desired. This will help to keep the cloth taut while you're stitching.
3. Thread your needle with one strand of dark green floss. Start stitching in the center of the cloth, using the cross stitch stitch.
4. Continue stitching, following the pattern. The pot leaf is symmetrical, so you can start stitching from any side.
5. When you're finished stitching the pot leaf, you can add a border around the edge of the cloth, if desired. To do this, simply stitch a row of cross stitches around the edge of the cloth, using any color of floss you like.
6. Once you're finished stitching, remove the hoop from the cloth and trim any excess fabric. You can now frame your cross stitch or use it to decorate your home.

Tips for Beginners

- If you're a beginner, it's a good idea to start with a small project, such as a coaster or a small wall hanging. This will help you to get the hang of the cross stitch stitch and build your confidence.
- Don't be afraid to make mistakes. Everyone makes mistakes when they're first starting out. Just gently pull the thread out and start over.
- Take your time and enjoy the process. Cross stitch is a relaxing and meditative activity, so don't rush it.
